

Top 5 Reasons to attend Haiti Tech Summit this year?

1. **Access-** No other event in Haiti has the same number of international corporations as does Haiti Tech Summit. We bring founders, VPs and C- level suite executives from Google, Facebook, SAP, Dell, Mastercard, Amazon Web Services etc. Make business relationships here in Haiti. You don't need to travel to New York, Silicon Valley or London to meet these decision makers.
2. **Exposure-** With over 80+ press mentions annually and 32 media partners for 2019- you can get opportunities to get featured at the summit.
3. **Training-** We have over 100 speakers for panel talks and 20 major workshops that train on business, marketing, funding and more.
4. **Networking-** This is the ultimate networking event of the year with all the major local and international brands. From the expo fair, the parties to the dinner ceremonies- you will have plenty of time to make powerful relationships for life.
5. **Inspiration-** The US Embassy of Port Au Prince returns with major support this year - sponsoring 25 entrepreneurs from Haiti and the entire Caribbean. Come meet future pioneers who will inspire you with their business solutions for Haiti.

Finally- because Haiti deserves better!

The world re-connects with Haiti each year via the Haiti Tech Summit to find partners, influencers and disruptors. We hope to be that platform of opportunity for you and Haiti! #BelieveinHaiti

PRESS ANNOUNCEMENT

3RD ANNUAL SUMMIT IN PARTNERSHIP WITH FORBES ANNOUNCES AGENDA-ROADMAP TO 2030

May 15, 2019 [Port au Prince, Haiti] Haiti Tech Summit is pleased to announce that the 3rd Annual Summit will be in partnership with Forbes8 and the US Embassy of Haiti. The agenda will be the **first crowdsourced agenda – Roadmap to 2030**– bringing decision makers together to transform Haiti’s 10 major industry sectors via technology. Discussions and outcomes of round table meetings will be officially published to Haiti Tech Summit’s global media partners of over 46 magazines, newspapers and social networks. Over 100 global speakers will convene to launch partnerships to accelerate: Tourism, Education, Agriculture, Finance, Media, Energy, Health, Fashion, Real Estate, and Music. [RSVP to join us on June 20-22, 2019.](#)

Deemed the “Davos of the Caribbean” Haiti Tech Summit brings together thousands of entrepreneurs, investors, pioneers, and creatives under one roof to address humanity’s greatest challenges via technology. With previous headliners such as Jack Dorsey (Founder of Twitter), Ben Horowitz (Investor Twitter, Facebook), Tim Draper (Investor in Skype, Hotmail etc), the President of Haiti Jovenel Moise, Vicky Jeudy from Netflix Orange is the New Black, and VP+CEOs from Google, Facebook, Airbnb, Uber and more- the summit will return with 3 major developments for 2019:

1. **Haiti Tech Summit will partner with Forbes Magazine to live stream the event** and feature stories of speakers and attendees on their website and community app.
2. **Haiti Tech Summit will feature major experts and speakers to train, discuss and partner with local stakeholders** on projects covering 10+ major industry sectors: Tourism, Education, Agriculture, Finance, Media, Energy, Health, Fashion, Real Estate, and Music. Round table meetings will be facilitated with stand by moderators to issue policy reports post the summit. The goal is to position Haiti to leverage the 4th Industrial Revolution and accelerate Haiti into the Digital Age. Thus partnerships with the 2030 Sustainable Development Goals will be in effect.
3. **Haiti Tech Summit will offer the largest series of training workshops** on personal branding, business financing, and digital marketing in Haiti’s history. Workshop sessions will cover 3 tracks:
 - Individual track- Learn how to build and monetize your personal brand in the digital age.
 - Business track- Learn how to build startups that leverage future technologies or learn how to optimize your current business with the best digital tools available today.
 - Ecosystem track- Learn how to start and scale a movement. From training on how to launch an incubator to how to launch tech events- we reveal the top strategies influencers can leverage to scale Haiti’s tech ecosystem.

In addition to galvanizing stakeholders at the largest summit in the country, Haiti Tech Summit has grown its ambassador network to facilitate travelers coming to Haiti despite the annual travel warning placed on the country. With sponsorships from the US Embassy flying in 25 entrepreneurs from across the Caribbean, to features with airline partners to support the 1000 participants flying into Haiti for the event- Haiti Tech Summit aims to break its previous record of 123 million social media views to #ChangetheNarrative about #Haiti to revitalize the tourism sector. [RSVP to join us on June 20-22, 2019.](#)

RSVP online or pay with cash or local credit card locally at our POC (Point of Contact Office) @ Dagmar: located at 34 Rue Goulard, Petion Ville (Zone Place Boyer) Next to the Porto Fino Restaurant. Office number to call to book tickets is +509 31384880.

Welcome to Haiti Tech Summit

When we first announced the Haiti Tech Summit- we were overwhelmed with the support of **423,000** people from all over the world! Then, the questions started to flow in. Below is a list of typical questions that arise regarding the summit.

In the end, you want to be here. Don't miss out on this historic event and have bragging rights that will last a lifetime!

About Haiti Tech Summit: Deemed the “Davos of the Caribbean” Haiti Tech Summit brings together thousands of entrepreneurs, investors, pioneers, and creatives under one roof to address humanity's greatest challenges via technology.

Who Speaks at Haiti Tech Summit: With previous headliners such as Jack Dorsey (Founder of Twitter), Ben Horowitz (Investor Twitter, Facebook), Tim Draper (Investor in Skype, Hotmail etc), the President of Haiti Jovenel Moise, Vicky Jeudy from Netflix Orange is the New Black, and VP+CEOs from Google, Facebook, Airbnb, Uber and more.

Mission Haiti Tech Summit: 13 year initiative to transform Haiti into an international tech hub by 2030.

Why 13 years and why 2030?: Haiti Tech Summit aligns with the Sustainable Development Goals of achieving #1 No Poverty, #4 Quality Education, #9 Industry Development and Infrastructure, #11 Sustainable Cities, and #17 Partnerships. We aim to have Haiti be an inspiring case study of economic development, innovation and ecosystem building by 2030.

Who Attends Haiti Tech Summit: The Haiti Tech Summit is for local and international industry leaders, entrepreneurs, investors, digital marketers and creatives interested in transforming the world via entrepreneurship. The Silicon Mountain, with its tropical climate and exotic beaches, is the ideal Caribbean getaway for tech enthusiasts and disruptors.

Why Haiti? Hosting the event in Haiti not only aims to revitalize economic activity in the country but to also provide a new narrative for Haiti and emerging markets. “Haiti has a profound history of empowerment, leadership, and innovation. As one of the most populous countries in the region, it has huge potential to catalyze entrepreneurship in a unique way ” says Christine Souffrant Ntim, the founding organizer of the event.

What is the official language of the event? The official language of communication is English. We will have on-site translators in Creole and French at certain parts of the event.

Is this a government event? No. This is a tech event that has no government affiliations. We do however have featured speakers from the local and regional government ecosystem which includes the Office of the Presidency.

Part 1: Preparation & Arrival

Haiti Tech Summit Package Purchase

How do I buy tickets?

Step 1: Start at www.HaitiTechSummit.com and click on the “register” button. Book your tickets (preferably with hotel packages) via the eventbrite link showcased on our website. All tickets above standard provide a complete wholistic experience that covers airport pick up and drop off, accomodation and food/drinks at the resort hotel.

Step 2: Once your ticket is confirmed- await an email by June 1st from the logistics team requesting your room preference and flight details. You will be required to fill out the arrival form with your information, passport copy and preferences.

Select Tickets	
Enter Promotional Code	
Bronze All Access w/ Hotel Shared Stay (Early Bird) \$499.00 + \$29.87 FEE	SOLD OUT
Gold All Access w/ Hotel Private Stay (Early Bird) \$699.00 + \$41.02 FEE	SOLD OUT
Platinum All Access (VIP) w/ Hotel Private Stay (Early Bird) \$899.00 + \$52.17 FEE	SOLD OUT
Standard Access - No Hotel (Prices go up on April 1st) \$199.00 + \$13.15 FEE	SOLD OUT

What if I am having difficulty purchasing online?

If you are booking through a VPN, disable the VPN connection and try again. For more help, reach out to info@haititechsummit.com.

What if it's my first time in Haiti?

All ticket packages above the standard are inclusive of hotel, food and airport pickup. Our team ensures that once you arrive in Port au Prince, that you will be taken care of. All you need is to fly into Port Au Prince, Haiti. We take care of everything else. Please note that we work with the Ministry of Tourism and private contractors to prepare for all incoming flights. Thus our ambassador team will be at the airport for all arrivals.

How do I book a hotel?

All ticket packages above standard includes hotel accommodation. Please note, if you book your hotel directly with Decameron and/or purchase a standard ticket- you will ONLY gain access to standard access activities from 9am-5pm. Absolutely under no circumstances will you be granted to evening activities at Haiti Tech Summit despite being a guest at the hotel. If there are spots available, you can purchase evening passes on a first come, first served basis.

How do I pay if I don't have a credit card account?

You can pay by credit, debit card, or direct bank account transfer via info@globalstartupecosystem.com or cash payment locally via our office hub at Dagmar in Port Au Prince.

Flights & Transportation

Book your flights.

Do not do one party search on just kayak or expedia. **Use Google Flights to get the most comprehensive search that is affordable. An alternative is www.momondo.com.** Since we receive over 40+ countries represented the summit - we suggest that if you are traveling from outside of the USA or the western hemisphere- fly to Top Locations: such as NYC or MIA. Then fly to Port - Au- Prince, Haiti. Use airport **"PAP" Flight Code.** For 2019, the travel dates are to Fly in June 20th Thursday/ Fly out June 23rd Sunday . *If you make flight plans outside of these dates- we are NOT responsible for transportation or accommodation. You can email the team to pay for services to support with this via info@haititechsummit.com*

Do I need a visa to enter?

Haiti does not require any visas to enter.

What should I know about arrival at PAP airport?

There is a \$10-\$20 entrance fee into the country that can be paid once you land. Its a cash payment only so please come with this in hand. If you do not have cash payment for this fee, it will take longer to get to the ATM machine to make payment after. When you arrive you will be asked to pay a \$10-\$20 entrance fee before being ushered through immigration to get your passport stamped.

After this you will head to bag claim where you will retrieve your luggage. As you exit the baggage claim area you will present your customs declaration form to the officer and head towards the exit. There is no need to have someone take your bags to the Decameron shuttle or your preferred local transportation option for you, so just decline any offers. When you exit, look for Haiti Tech Summit Ambassadors with T Shirts to identify themselves.

How do I get to the resort if I purchased the Standard package?

All ticket packages except the Standard include airport transfer. You will have to make your own arrangements for transportation.

Is it safe to explore outside of the resort?

Yes it is. However we do not recommend it because many internationals do not speak Haitian Creole and will not be able to communicate with locals. Please note that French and English is not the localized form of communication.

We do offer a Port Au Prince (Capital) Tech Ecosystem Tour the day prior to the summit. This is a separate experience with additional charge. Please email the team for more details via info@haititechsummit.com

Hotel Accommodations

Are all hotel rooms air conditioned?

Absolutely! All guest rooms at Decameron Resort are air conditioned and very comfortable.

Where should I stay if I bought the Standard package?

Upgrade your package with Haiti Tech Summit to include accommodation at the event hotel.

What will the food offerings be like during the summit?

If you have a pass where you are sleeping at the resort, 3 meals will be provided. If you are not sleeping at the resort and have a standard pass, lunch will be provided only.

Belly up to the international buffet or visit two a la carte restaurants serving Haitian and Mediterranean cuisine. There's also a snack bar available for 24 hours.

What will the drink offerings be like during the summit?

All attendees will have unlimited water, non-alcoholic, as well as alcohol beverages during their time at the resort. Please drink responsibly.

What should I pack?

- Copies of passport and ID
- 3 formal outfits (business attire or business casual) for conference event activities
- 1 gala outfit (for award night ceremony and VIP dinner)
- 1 beach party outfit
- Light clothing for downtime at the beach
- Sunglasses
- Dry bag or phone protector: You'll definitely want this if you're at the beach or on boats and island hopping. I used plastic baggies, but wish I had brought a dry bag.
- Sunglasses: Pack a sportier and affordable pair in case something happens to them.
- Bug spray - for night time camping activities
- Toiletries: travel size toothbrush, toothpaste, lotion, shampoo, hair creme, etc.
- Bring a small backpack or cloth bag along to throw your stuff in when you head to the beach or off on an excursion. Drawstring bags are a particularly favorable option.

PUBLIC SERVICE ANNOUNCEMENT : SECURITY PROTOCOLS FOR HAITI 2019

[June 10, 2019- Port au Prince, Haiti] We thank all the partners, sponsors, speakers and ticket holders who have overwhelmed us with emails, calls, and messages today to notify us of their commitment to participate in Haiti Tech Summit 2019. It is an honor to have their trust and support. We now turn to the Haiti Tech Community with an important Public Service Announcement.

We are here to humbly reaffirm our 13 year commitment to Haiti.

We are aware of the protests that took place on Sunday June 9th- across different parts of the country. Similar protests have also occurred this very weekend in Venezuela, Hong Kong and other countries. We respect the mission of the people to make their voices heard and commend their efforts to galvanize together for Haiti's future with their democratic right to protest.

Thus, we will now clearly state the mission and capacity of Haiti Tech Summit during this important turning point in Haiti's history. This message is meant to be made as a **point of transparency** not a point of concern to all of the stakeholders who love, respect and believe in our mission.

1. **We have International Security Protocols.** We have a different logistical support network for Haiti Tech Summit because we are the largest tech conference not only in Haiti but the entire Caribbean. Thus we have both public and private security for transport, pick up, onsite management, and airport drop-off for both local and international participants. You will not be alone at any point of the experience. We usually have 140+ group pick ups every hour at the airport; starting at 7am until late night on arrival day June 20th. As a reminder- each transport is led and followed by armed police and security to divert and speed through traffic.
2. **We have International Sponsored Participants.** There has been several mentions regarding the US State Department's travel warning. We have the highest amount of international participants flying in from 80+ countries. Furthermore, the US Embassy of Port Au Prince is a Platinum Partner of the summit annually and this year sponsored flights, hotels, and summit tickets for 30 entrepreneurs from across the Caribbean. There are 8 other partner organizations who have sponsored entrepreneurs in a similar capacity.
3. **We have Consistency and Credibility.** Due to our credibility in hosting the biggest events in Haiti for the past **3 Years** , we have back-up protocols for security which includes helicopter transportation that we have used for celebrity arrivals- like Jack Dorsey (Founder of Twitter), Ben Horowitz (Billionaire Investor) etc. We have this readily available for all participants this year when necessary. Please note that protests happen often in Haiti as they do other parts of the world and do not target internationals.

We've had these security measures every year as our 1500+ alumni, can testify to as featured in their testimonials and reviews. Due to the increased participation for this 3rd annual summit we've increased our security protocol for the management of 1000 participants throughout the entire experience. RSVPs will close this Friday.

We are committed to this 13 year initiative to Haiti and hope you can join us to experience it for yourself.

PUBLIC SERVICE ANNOUNCEMENT : HELICOPTER TRANSPORT FOR HAITI 2019

[June 10, 2019- Port au Prince, Haiti] As we continue to provide exciting updates to the 3rd annual edition of Haiti Tech Summit, we are pleased to share an opportunity for 2019 guests.

Due to global news announcements regarding renewed confidence in Haiti with the decreased travel warning to the country- we received a surge in bookings and flight detail submissions. We are humbled by the continued support, trust and confidence that you have in our 13 year commitment and mission for the betterment of Haiti.

Thanks to this commitment, we have the capacity to provide helicopter transport directly from Port Au Prince airport to Decameron Beach Resort to expedite arrival experience. We have completed helicopter transport for headline speakers and their guests every year and are pleased to leverage this annual partnership provided to us for more guests this year. With the high number of arrivals- we have this partnership offer to make sure arrival and departure day runs efficiently and smoothly for you.

Please note, that we are still providing our enhanced group shuttle transportation with security escort service to divert and speed through traffic on June 20th for arrival day and on June 23rd for departure day.

This year's helicopter transport will be offered to Haiti Tech Summit hotel package guests which includes Speakers, VIPs, Sponsors, Exhibitors, Sponsored entrepreneurs of the US Embassy, Gold and Bronze package participants. These ticket holders will receive information on the airport lobby pick up, boarding, luggage detail and security procedure for helicopter transport this week. Standard day pass ticket holders are welcome to use shuttle transport or upgrade their ticket by emailing the team at info@haititechsummit.com. All others who prefer ground transport- may board at the airport entrance where you will be greeted by 30+ Haiti Tech Summit Ambassadors.

Attached is our info pack which outlines the entire experience of security, transport and experience.

Thank you for your continued confidence and support.

Part 2: Program Information and Involvement

Program and Scheduling Information

When should I arrive and leave?

Its best to arrive the day of the event (Thursday June 20th) and depart a day after the event concludes (Sunday June 23rd). Please check the website for the official dates.

In which language will the event be conducted?

The official language of communication is English. We will have on-site translators in Creole and French at certain parts of the event.

Where can I find a detailed summit schedule?

You can find our updated agenda here: <http://haititechsummit.com/schedule2019/>

Where can I find a list of all the speakers?

All speaker information can be found on the HTS website homepage. It will be updated as speaker information as finalized. <http://haititechsummit.com/>

Where can I find a list of partners and sponsors?

You can find a list of all summit partners and sponsors here: <http://haititechsummit.com/partners/>

Will there be opportunities for networking?

Yes. Each day we have scheduled 3.5 hours of networking activities, round table meetings and expo workshops.

If I'm not sleeping at Decameron can I stay after the sessions have ended for networking?

No. Standard access tickets are only for activities from 9am-5pm. Only Bronze, Gold, Platinum ticket holders have access to post daytime activities.

What kind of accessibility arrangements are available?

Individuals with a mobility needs will have to email the team in advance for us to make proper arrangements on site such as seating and transportation.

What other activities will occur during, before, or after the summit?

Prior to the summit, we host the largest activation of tech gatherings across the country. If you are interested in arrival early- email the team for cost for accomodation and tours.

June 17-June 19th (Monday-Wednesday) Haiti Tech Week where 5000 influencers take part in workshops, activities and programming to empower local entrepreneurs. You need to arrive Sunday night. Tickets and hotel accommodation in Port au Prince can be purchased via info@haititechsummit.com

June 19th (Wednesday) Haiti Tech Platinum- where 20 guests are taken on a tour to corporate sites, government offices and tech hubs. This is an invite only tour with VIP tickets for purchase. You need to arrive Tuesday night. Tickets and hotel accommodation in Port au Prince can be purchased via info@haititechsummit.com

Options for Involvement

Can I advertise my business at the event?

Yes! We offer exhibitor spaces. Find more details and register here: <http://haititechsummit.com/exhibit/>

How can my business / organization become an HTS sponsor?

We have sponsorship packages ranging from \$5,000 - \$100,000, each with varying perks and frills. Submit your interest here: <http://haititechsummit.com/sponsor/>

How can I apply as a speaker for the event?

Please send all inquiries to info@haititechsummit.com. Or submit your speaker application online at our website. Please note that for 100 spots we receive over 460+ submissions a year.

How can I volunteer at the event?

Volunteer positions will be posted 4 weeks prior to the event and will only open to locals.

How can I sign up as a media partner?

Please send all inquiries to info@haititechsummit.com. Please note that due to the high number of media partnerships for Haiti tech Summit- we do not offer free media passes to bloggers. We have pre and post press conferences where bloggers are also invited alongside mainstream media partners.

Part 3: Departure & Other FAQs

What is the departure procedure?

We have an ambassador team that has all exciting flight plans. Please pack your items and take them to the lobby. We have shuttle departures every hour and in most instances every 30 minutes.

What activities take place on departure day?

We have a series of media interviews with speakers and partners. Now we offer interviews to attendees to capture their stories and experience. There are also areas for final photo shoots.

Will there be food served?

Breakfast is still available in the morning.

Can I receive a list of all conference attendees after the event?

No. We do not offer that data to the open public.

Will I receive a certificate of attendance?

Yes- we do offer this digitally if you submit your details by the deadline.

How do I stay involved?

Sign up for our newsletter for updates on Haiti Tech Summit and other tech activations in Haiti.

Who can I reach out to with other questions?

Feel free to direct any other questions to info@haititechsummit.com
